DOLLAR

~ **Dollar Industries**, a trusted Pakistani stationery company, began by producing inks for fountain pens in Karachi back in **1954**. It quickly became a household name for ink and writing instruments.

~ ***Dollar fountain pen ink*** comes in small plastic bottles (typically 15 ml, 30 ml, or 60 ml) and is available in standard colors like blue, black, red, and green.

~ It's formulated for **smooth flow**, **vibrant pigmentation**, and **quick drying**, helping prevent smudges and providing clean lines.

~ The ink is **washable**, compatible with most standard fountain pens (pump or cartridge-filler types), and comes in **leak-proof plastic bottles**—which are often reusable.

~ Dollar ink is appreciated for being **budget-friendly** while still delivering dependable performance—great for students, professionals, and hobbyists alike.
